

Sri Lanka – Maldives Business Council
of
The Ceylon Chamber of Commerce

**Business Promotion
Mission to Maldives**

12th – 16th May 2024

Sri Lanka – Maldives Business Council

The Sri Lanka - Maldives Bilateral Business Council, the 19th Bilateral Business Council under the aegis of the Ceylon Chamber of Commerce was launched on 25th May, 2007. The establishment of the Sri Lanka-Maldives Bilateral Business Council was prompted by a recommendation put forth at the Sri Lanka-Maldives Joint Commission meeting in 2006. The prime objective of the Council is promotion of trade/ investment, services, tourism and joint ventures between Sri Lanka and the Republic of Maldives.

Objectives

- To promote trade tourism and services between Sri Lanka and Maldives and in particular to promote exports from Sri Lanka to Maldives.
- To encourage the establishment of Joint ventures in Sri Lanka between Maldivian and Sri Lankan investors.
- To exchange information on trade and investment with the appropriate authorities and institutions in The Maldives.
- To serve as a recognized representative of business sector interests in Sri Lanka in matters concerning business relationships with Maldives
- To co-operate with the Government of Sri Lanka in the pursuit of the above objectives
- To undertake all matters that are incidental or conducive to attaining the above objectives
- To conduct joint meetings with Maldivian business organizations in Sri Lanka and in Maldives

Company Profile

Puritas (Private) Limited, is an environmental engineering company based in Sri Lanka pioneered in design and build of water and wastewater purification solutions for municipalities, industries, institutions and commercial establishments. Our capabilities range from construction to design and build of packaged/ containerized treatment systems which will enable reuse and recycle of wastewater reducing client's ecological footprint.

Puritas, an expert in environmental engineering, specializes in designing and constructing water and wastewater purification solutions tailored to various industries, offering advanced treatment options for reusing or recycling purified wastewater. With over 450 projects completed in Sri Lanka, Maldives, and the region, ranging from domestic to municipal scale, Puritas provides comprehensive services including design and build, EPC, and BOT models.

Our Operation and Maintenance services ensure trouble-free operation of treatment plants through regular monitoring, preventive maintenance, and supply of consumables and spare parts. Puritas also offers chemical treatment solutions for industries across Sri Lanka and the Maldives.

Puritas offers activated carbon face masks and odor removal products under the brand Oxypura, promoting wellbeing and safety by eliminating odors and gaseous contaminants. Hydrocove, a plug-and-play water purifier providing clean drinking water in three modes, suitable for various settings like offices, restaurants, and cafeterias. Puritas represents Dupont Filmtec, USA, a global leader in RO membranes, exclusively in Sri Lanka and the Maldives, offering total solutions for seawater and brackish water RO plants and Membrane Bio Reactors. With Filmtec membranes, customers experience pure water with a 15% energy-saving advantage.

Company Profile

Who We Are

- We are Ceylon Soap Co, Sri Lanka
- We are a Handcrafted and Natural Personal Care Manufacturer
- All our products are specially formulated to maximize the skin and body benefits of the essential oils and other natural ingredients that we use in them
- All our products are made from base ingredients so we know exactly where they come from and are FREE from Chemicals & Artificial components
- We have a large selection of products in our portfolio including soaps, scrubs, shampoo, bath salts & even shower gel.
- We believe that the ultimate luxury is choice. That is why we offer complete customization across our products from size, color, scent and design. With low minimum orders to cater for clients of all sizes from Large to Small.

Our Promise

- We are a GMP (Good Manufacturing Practice) Certified Manufacturer with sustainability at our core
- We safety check each and every one of our batches, as random checking is not safe enough for us
- We are conscious of our carbon footprint, and reducing waste is a key factor in all activities including our packaging solutions
- We have trusted, long term and local suppliers so we can always be sure of the standard of our inputs

Areas of Business Interest

- Looking to supply all types of personal care products, especially for resorts looking to create Custom personal care collections & Unique gifting items for their brands and/or resort chains looking for ways to differentiate their offering via natural, sustainable and earth friendly choices.

Company Profile

Pee Bee Management Services (Private) limited, is a Sri Lankan Private Company and the main activity of this Company is the Manufacture of Soft Disposable Hygienic Products under the FLORA Brand.

Consumer Brand loyalty in Sri Lanka has been instrumental in keeping up the brand image of Flora Tissues over the last 40 years. The company is proud that Flora Tissues enjoy and account for a substantial 60 percent market share in Sri Lanka and is looking forward to introducing Flora Tissues to the Maldivian consumer market and to many of the Local Hotels and Cafes and the many reputed Resorts and Hotel Chains in the Maldives.

The constant focus on quality objectives has resulted in being the only Company in Sri Lanka to be recognized by the Sri Lanka Standards institution, by their certification of the SLS mark for quality, and standardization, in this product category since 1990.

The brand development strategy of Flora Tissues comprised redesigning of its brand development policies and techniques to keep up with the changing mindset of its consumers.

Team Flora will continue to live the Flora Brand passionately, embracing the need for the export of Flora Tissues to the Maldives market and strive to have a long term business relationship with their future appointed business partner in the Maldives.

Company Profile

We are a Tea estate situated in rural forests of Southern Sri Lanka that specializes in making 100% Handmade artisan tea. We offer black, white, yellow and herbal teas. All teas we offer are certified by ISO, HACCP and rainforest alliance standards. All teas are handpicked and handmade by a 100% women workforce. We are committed to Sustainability therefore we have our own tea nurseries and have already replanted 2000+ tea plants in the last 6 months. We are also committed to promote the vibrant and rich culture of sri Lankan tea and craftsmanship.

Our teas are made in small batches and are 100% Handpicked and Handmade by our talented women artisans using ceylonese traditional methods. This tea also only contains young leaves and fresh buds from our single estate situated in the lush jungles of Galle which ensures quality control and maximized levels of antioxidants. All flavored tea has natural fruits and spices picked from our own estate .

Web : www.slmlbc.lk

Company Profile

The Sri Lanka - Maldives Bilateral Business Council, the 19th Bilateral Business Council under the aegis of the Ceylon Chamber of Commerce was launched on 25th May, 2007. The establishment of the Sri Lanka-Maldives Bilateral Business Council was prompted by a recommendation put forth at the Sri Lanka-Maldives Joint Commission meeting in 2006. The prime objective of the Council is promotion of trade/ investment, services, tourism and joint ventures between Sri Lanka and the Republic of Maldives.

- Gateway to the world- located in dynamic Asia with easy access to air and sea routes of the world.
- Opportunities to further enhance the outreach to promote products once the proposed FTAs are in operation with China and Japan in addition to existing FTAs with India, Pakistan and Singapore.
- Growing economic Hub with favourable policies – Colombo Port City Project.
- Fast developing infrastructure – opportunities through the Western Region Megapolis Project.
- Strong policies in place for protecting international investors and business partners.
- High quality of Life.
- Sri Lanka's proposed Financial City aims to become the prominent financial hub in the region and it has commenced to attract foreign investments.
- Educated and Adaptable Workforce.
- New urbanization initiatives with new opportunities for investment.
- One of the lowest corporate tax rates in the region.
- Colombo has the potential to serve as a subsidiary market for eastern and western giants since it is located midway between the major financial markets such as London, Frankfurt, Dubai to the West and Tokyo, Hong Kong, Singapore and Sydney to the East.
